

National Center for Environmental Assessment Weekly Report for July 12, 2017

30 Day Outlook for Presentations and External Meetings

Start Date	End Date	Scientist	Event	Location	Topic
16-July	21-July	Emmi Felker-Quinn	International Conference on Mercury as a Global Pollutant	Providence, RI	Emmi Felker-Quinn (ORD/NCEA-RTP) will be attending the International Conference on Mercury as a Global Pollutant from July 16-21 in Providence, RI. She will present a poster entitled 'Systematic review and assessment of links between sulfur deposition, sulfur cycling, and mercury cycling in North American ecosystems.' This work falls under HHRA Topic 2, Task 3.3 (2.213).
25-July	25-July	Becky Nachman	Monthly brown bag seminar series	Office of Children's Health Protection	Becky Nachman was invited to give a presentation to the Office of Children's Health Protection at their monthly brown bag seminar series (an internal seminar series in OCHP) on her postdoctoral research on prenatal exposures to air pollution and intrauterine inflammation. Becky's presentation to OCHP is scheduled for July 25.
8-Aug	8-Aug	Alan Talhelm	Annual Meeting of the Ecological Society of America	Portland, Oregon	On August 8, 2017, Alan Talhelm (ORISE post-doc with ORD/NCEA-RTP) will be presenting a poster at the annual meeting of the Ecological Society of America in Portland, Oregon. Alan's poster is titled "Long-term simulated nitrogen deposition decreases seedling and sapling abundance in northern hardwood forests", which describes changes in plant communities in a nitrogen deposition experiment. Alan is also a co-author on two other posters during the meeting. This work falls under HHRA Topic 2, Task 3.3 (2.213).
